

DR. RICHARD KRAMER MEMORIAL AWARD FOR ENVIRONMENTAL EXCELLENCE - 2023

Award Objective

The Dr. Richard J. Kramer, CEP, Memorial Award for Environmental Excellence was established by the Academy of Board Certified Environmental Professionals (ABCEP) to recognize extraordinary achievements of individuals in the environmental profession who have already received their Certified Environmental Professional (CEP) credential. We are requesting nominations from you, your company, or agency describing outstanding environmental contributions from professionals. Self-nominations are allowed.

Memorial Award History

Dr. Kramer's involvement in ABCEP spanned more than two decades. He earned his CEP designation in 1982 and served on the Academy's Certification Review Board from 1985 to 1999. In 1999, he became the first ABCEP President. Dr. Kramer began his career in the environmental profession in 1972. For many years, he was head of the environmental planning and National Environmental Policy Act Office for the Camp Pendleton Marine Corps Base in California.

The award was presented for the first time in 2004, to commemorate the 25th Anniversary of the creation of the CEP credential by the National Association of Environmental Professionals (NAEP). The objective of the award is to nationally recognize extraordinary achievements, leadership, and spirit of CEPs. View past Kramer Award recipients at <https://www.abcep.org/awards.php>.
